Peace of Mind... Priceless

Guardian Wireless is the security solution for you. Each of our wireless security alarm systems are individually designed and integrated with wireless technology and require simple installation. Our products help prevent loss or damage (such as theft/burglary, fires, floods) to your property. What's more, you will receive customer courtesy calls and complete support.

Take the worry out of property ownership! Come to us if you are looking for:

- RV security, trailer security, and similar vehicle security
- Boat security, yacht security, and similar marine security
- Job site security, and similar construction site security
- Tool security (be it for tool boxes, tool cabinets, and other tool storage devices)
- A portable security alarm system

Features

- Your unit will connect to our secure server and immediately begin monitoring your property.
- Our products are completely customizable, upgradeable and transferable.
- Choices and simplicity are what life and Guardian Wireless, Inc. are all about.

How It Works

Simply install your unit and log on to the Internet to monitor your property.

If a problem occurs your unit will notify you immediately. Our technology allows you to correct any situation before significant damage or theft occurs.

Our network provides coverage globally, where ever you are, Guardian Wireless is here to guard and monitor your property, continuously.
