Grandma Guardian™

Protect Loved Ones

What Is It?

The *Grandma Guardian™* is the perfect gift for your loved ones or yourself. Make sure you and your loved ones are safe! If you are getting the *Grandma Guardian™* for a loved one, be notified when they need assistance! If it's for yourself, notify someone else immediately when you need help! Wear the panic pendant transmitter like a necklace and push the panic button when help is needed! This is especially useful for situations where you or your loved one is unable to reach a phone to call for help when something happens, such as a nasty fall. It's light, and much more conven-

ient than carrying a cell-phone around.

Features

Grandma Guardian™ will connect to our secure server and immediately begin monitoring your yacht.

Grandma Guardian™ is completely customizable, upgradeable and transferable.

Choices and simplicity are what life and *Guardian Systems, LLC.* are all about.

How It Works

Installation is done with ease due to wireless communications. Make sure your loved one is wearing the pendant, wirelessly connect it to the unit, then activate. Configuring your *Grandma Guardian™* such as setting up phone numbers to call, is all done easily over the Internet. The *Grandma Guardian™* will dial four phone numbers in 20-30 seconds with an automated phone message informing you that your loved one needs help! See our demo for details.
