## Phone Number Insertion

This section demonstrates how to enter the phone numbers your security system will dial if an alarm occurs. See **Figure 7.6**, outlined in red, on the upper left.

Call Order	Phone Number
Phone1	9202426320
Phone2	9202426321
Phone3	9206938080
<input type="button" value="Update"/> <input type="button" value="Cancel"/>	

Sensor Application	Sensor Descriptions
Please select the sensor you would like to activate. Intrusion <input type="button" value="v"/>	<ul style="list-style-type: none"> <li>* <b>Intrusion:</b> Monitors for unauthorized entrees. Alerts you of any unauthorized entry</li> <li>* <b>Temperature:</b> Monitors ambient air temperature ranges. Alerts you when the temperature is above 110°F or below 33°F.</li> <li>* <b>Water Level:</b> Monitors water level. If water level exceeds the float switch.</li> </ul>
<input type="button" value="Update"/> <input type="button" value="Cancel"/>	

**Figure 7.6**

The phone numbers are marked Phone 1, Phone 2, and Phone 3. The first number the system will dial is Phone 1 then Phone 2 and lastly Phone 3. Please keep this in mind when entering your phone numbers. Enter your phone number in the form of 1231231234. For example, to enter 1-800-330-7413 you would enter 8003307413. Do not append a “1” in the phone number or any dashes. Select update to update the telephone information located in the red box of **Figure 7.6**.

## Sensor Application

To physically apply sensors please refer to your **installation manual pages 6-10**. Once you physically apply your sensor, you must apply the sensor via Internet. See **Figure 7.6**, outlined in green and blue and at the bottom of the **Figure 7.6**.

In **Figure 7.6** in the blue box, are the descriptions of each sensor. Choose and apply the sensor that you physically applied to your security system. Then select update to update the information in the green box of **Figure 7.6**.

## How to “Log On”

As an owner of any Guardian Wireless, Inc. product you are assigned a secure account on our server to help manage your security system via Internet. Below are step by step instructions of how to log on and manage your security system via Internet.

### Step 1

Your first step is to type <https://www.guardianwireless.com/theguardiansystem/members/logon.asp> into your address bar or visit <http://www.theguardiansystem.com> and look for a log on link. When you type this in you should see **Figure 7.1** as part of the webpage.

Log Off

Member Log On**

Username:

Password:

**Figure 7.1**

### Step 2

Next, type in your username and password that was shipped with your unit. If you do not know your username or password please contact us at (800) 330-7413. After you have entered your username and password, click “Log On”.

Log Off  
Welcome, Dan Kaderabek

Due to the path messages take recent alarms will not show up immediately. Please click the refresh button or press F5 a few times and the alarm will appear.

For 2006, has the following messages. To archive please select a month and year:

Time Stamp (CST)	Alarm	Call History ...
5/1/2006 12:47:13 PM	Intrusion	<input type="button" value="Click Here"/>
5/1/2006 12:28:13 PM	Power Loss	<input type="button" value="Click Here"/>
5/1/2006 10:29:18 AM	Power Loss	<input type="button" value="Click Here"/>
5/1/2006 10:29:12 AM	Power Loss	<input type="button" value="Click Here"/>
5/1/2006 10:29:04 AM	Power Loss	<input type="button" value="Click Here"/>
5/1/2006 8:49:25 AM	HighWater	<input type="button" value="Click Here"/>
5/1/2006 8:48:24 AM	Power Loss	<input type="button" value="Click Here"/>

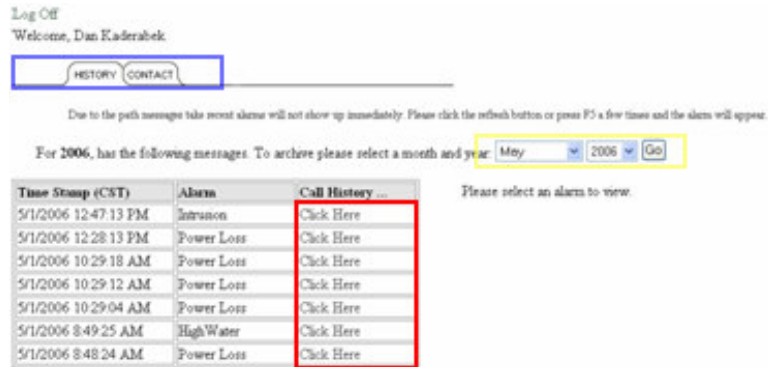

Please select an alarm to view.

**Figure 7.2**

When you select “Log On”, you will see a page similar to **Figure 7.2**. If you are unable to log on please contact us at (800) 330-7413.

# Managing “The Guardian System”

After you “Log On” to your secure account, you will see folder tabs, one marked History and the other Contact. In **Figure 7.3**, the folder tabs are outlined in blue or outlined on the left of **Figure 7.3**. You navigate through your secure account with these folder tabs.

**Figure 7.3**

## Viewing the History

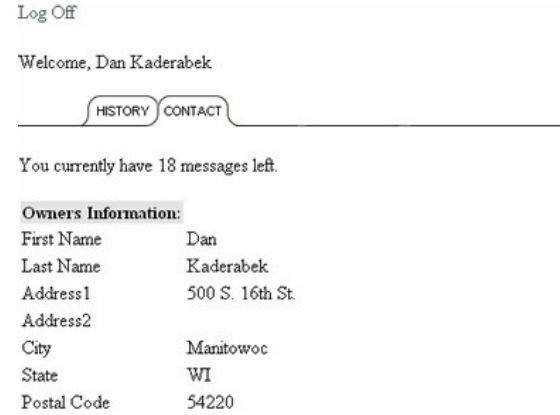

When you log on to your secure account, by default, you are presented with the current history for that month and year. If you would like to archive the history you select the month and year, outlined in **Figure 7.3** in yellow, at the right of **Figure 7.3**. Once you have selected the month and date, press the “Go” Button, outlined in **Figure 7.3** with the month and year. When the history you select appears you have an option of viewing the call history, outline in **Figure 7.3** in red and in the middle of the figure. The call history is a timeline of what number was dialed and short description of what happened. See **Figure 7.4**.

**Figure 7.4**

## Viewing Contact Information

To view your contact information, select the folder tab labeled Contact. See **Figure 7.3**, outlined in blue and on the left side of the figure. The first section will display your information. See **Figure 7.5** If your information is not correct; please contact us at (800) 330-7413 to update your information.

*If you need to change any information listed above please contact us at (800)330-7413.*

*Please enter phone numbers in the form of (areacode)phonenumber. Example: 8003307413.*
